

Emergency and Disaster Management Protocol & Contacts

- First aid and Emergency treatment: First aid will be provided to students, faculty, staff and visitors. At least 2 faculty are available all the time, who are trained in cardio-pulmonary resuscitation and first aid by the competent authorities like American heart association or American Red cross.
- Faculty are trained of the appropriate procedures to handle emergencies such as asthma attacks and epileptic seizures.
- The school building has first aid kits, defibrillator kit, epinephrine auto injector and asthma inhalers at various places to be used for the appropriate medical emergencies.
- In case students suspect an infectious disease, they inform the dean of the student affairs and then he will inform the dean of the institution. The dean will then notify the same to the local health bodies.
- The school has a dedicated quarantine room to isolate the suspected or a confirmed case of infectious disease before handing over to the respective health authorities.
- School has a trained microbiologist and an epidemiologist service all the time, to train the faculty, staff and students about the appropriate precautions to be followed during an outbreak of an infectious disease.
- During Major Natural disasters like a Hurricane or flood, all the academic activities will be suspended. The school has a dedicated vehicle to transfer all the students and the faculty to a secure location and provide them with necessary medicine, food and water till the situation comes under control.
- XUSOM, Aruba will adapt to any changes to the protocol as needed based on the local governments action plans.

Faculty, staff and students are also provided with hospital, police contact information in case of emergencies as indicated below:
