### **SAO (Student Ambassador Organization)**

As prospective physicians, SAO feels that medical students should develop expertise beyond medicine to compete in a dynamic health care market. Our goal is to promote dual degrees in the XUSOM medical student population and expand student community outreach. To enhance personal and professional integrity by building stronger community ties while enriching professional experiences.

### **AEP (Academic Enhancement Program)**

The Academic Enhancement Program (AEP) offered at XUSOM is a service available to students, led by students. It is a tutoring program where students can assist their peers and juniors in areas they might find more challenging. Through AEP, the tutor will help their tutee better understand the course material by taking extra time to explain concepts to them. This is a free service offered to all XUSOM students.

### **SNMA (Student National Medical Association)**

SNMA has a special consultative status within the United Nations, and has been recognized as worldwide medical student representatives by the World Health Organization and the World Medical Association on several occasions.
