

Medical Student Support & Strategy

The XUSOM Medical Program seeks to deliver impactful student support which is fully aligned with program delivery. It aspires to assist students in times of need, and also to inspire and motivate medical students during their time at XUSOM. From a broader perspective, it is anticipated that student support initiatives will leave a lasting legacy for graduates as they progress into the medical workforce.

The mission of Office of Student Affairs is to help the students with academic and non academic needs. We are a source of information, support and guidance. We are committed to helping the students make the most of their time while they are in XUSOM. We also emphasize on students maintaining a good study / life balance in order to maintain their overall well being.

The supports provided by the Office of Students Affairs are:

1. Pastoral care

Personal mentoring: Every student is allocated a faculty mentor who serves to take care of both academic and non academic needs of the student.

Acclimatization to the island life: As an effort to help students acclimatize to the island, we support the students from the time they land on the island.

Accommodation: Xavier helps the students who wish to stay at the Xavier accommodation facility with all the help they require with regards to living in the island. Additionally if the students wish to stay independently the University helps to find an apartment.

Student Wellbeing: XUSOM strives to help students maintain overall well being. Further information can be found under the section Student Wellbeing.

2. Academic Support

The Office of Student affairs strives to work collaboratively with system chairs, faculty, who are responsible for providing course specific advice, identifying students at risk, and providing any remedial academic or clinical training. To safeguard student confidentiality and remove perceived barriers to seeking help, the Office of Student affairs will not play any role in academic progression decision-making.
