STUDENT WELLNESS

Our mission at the Office of Medical Student Affairs is to provide comprehensive and integrated support services to medical students through partnerships with the local fitness clubs, organizations, physicians, clinics and hospitals. We are an effective and responsive team who work collaboratively to ensure our student's wellness and personal success.

Health Insurance

Students should have a health insurance plan separate from the AZV which is the plan provided by the Aruban Government after the student residency permit is received. As part of the curriculum, the students will be required to attend clinical and hospital visits wherein students will be exposed to patients with infectious diseases. Health insurance covers any such hospital acquired infections or any other uneventful incident.

AZV: Aruba has universal health coverage for its habitants since 2001 and was the first country in the Kingdom of the Netherlands to have so. AZV offers everybody who lives legally in Aruba access to quality health care. When you live in Aruba and you're registred in de Population Registration (Census) you are entitled to AZV. Although the AZV is a mandatory insurance, it still requires you to register personally at the AZV to get your proof of insurance, choose your (family) doctor, pharmacy and dentist.

Medical Disability Insurance

The school does not require medical students to purchase disability insurance policies, but we highly recommend such policies, particularly for those students who have a family. We are required to provide access to sources of such coverage for students. The list below is a compilation of insurers who will provide individual or group disability policies to medical students. Each policy has slightly different coverage parameters, restrictions, and costs, so please evaluate these carefully to select the best policy for individual situation. If you have questions about such policies, please see the financial controller.
